

3 KEYS TO THE POWER OF STORAGE AS A SERVICE

CHALLENGE

Data is the life force of the modern enterprise; it powers the next-gen operating and business models that move you forward, faster. But to accelerate your data-driven modernization, you need to eliminate the infrastructure complexity and silos—across edge to cloud—that slow you down.

SOLUTION

Storage as a service brings the speed and agility of a cloud operational experience to apps and data everywhereempowering you to transform from IT operator to service provider, align storage with business demands, and focus on managing outcomes, not infrastructure.

SIMPLIFY OPERATIONS WITH CLOUD AGILITY

Move faster with a cloud experience that shifts operations from infrastructure centric to app centric.

CONSUME FLEXIBLY AS A SERVICE, ON DEMAND

Stop managing infrastructure and start simply accessing and utilizing it.

RUN ANY APP— WITHOUT COMPROMISE

Meet any SLA, from traditional to modern apps, with the right performance, resilience, and cost.

TRANSFORM FASTER WITH HPE GREENLAKE FOR STORAGE

HPE GreenLake for Storage helps eliminate storage complexity with a cloud experience everywhere, freeing you to simplify operations and move faster. It brings together the agility of cloud operations, consumption as a service and on demand, and the freedom to meet any SLA without compromise.

Meet any SLAs:

- 100% availability guarantee for mission-critical service⁶
- 99.9999% availability guarantee for business-critical service7

Boost agility: 98% operational time savings for IT

Get IT resources for more strategic initiatives:

40% increased IT team productivity by reducing the support load on IT5

With HPE GreenLake for storage

Accelerate innovation:

Reduce app provisioning time from days to minutes for LOB owners/developers

Free up capital: 30% to 40% TCO savings due to eliminated need for overprovisioning4

Faster time to value: 75% shorter time to deploy

digital projects³

Reduce risk: Majority of issues predicted and automatically resolved with an Al-managed service²

GO FASTER WITH SELF-SERVICE AGILITY

HPE GreenLake for Block Storage is the industry's first storage as a service that offers self-service and a 100% availability guarantee built-in for mission-critical environments.8 It simplifies on-prem storage with SLA-driven quoting and ordering, and Al-driven self-service provisioning for line of business and DBAs.

CPP Associates, a Hewlett Packard Enterprise Platinum Partner, provides its customers and partners with responsible, consistent and repeatable solutions that will meet a customer's requirements and business needs now as well as in the future. Their

expertise is the foundation for helping customers implement transformational IT solutions
